10 THANKSGIVING MINUTE TO WIN IT GAMES

GRAVY BOAT

Items needed:

- A large tub of water
- A floating boat or bowl
- A gravy boat full of gravy

Instructions

This one could get messy. Pour the gravy from the gravy boat into the boat drifting on the water without capsizing the boat. Complete this challenge in 60 seconds, or the pilgrims might be having a Boston Gravy Party.

BERRY STICKY

Items needed:

Cranberry Jelly, removed from the can in one lump

A plate to hold the jelly

Popcorn kernels

Set up

Set the jelly on the plate on a table ten feet from the contestant.

Instructions

In this challenge, two Thanksgiving staples must come together - corn and cranberries. Your goal is to get six corn kernels embedded in the cranberries in 60 seconds or less, tossing them one at a time. You have 60 seconds to complete the challenge - or however long it takes for the jelly to self-destruct.

PASS THE SALES ADS

Items needed:

3-4 small footballs

4 Black Friday type sales ads

Set up

Two adult volunteers will stand 15 feet from the contestant, holding and stretching out the sales ads between them.

Instructions

Two of the biggest Thanksgiving traditions are football and Black Friday. In this challenge, those traditions collide. Your task is to break four sales ads by tossing footballs through them. Complete this challenge in 60 seconds or less, and you'll win a prize to be thankful for!

BRING THE SODAS

Items needed:

6 hula hoops
7 full 2-liter bottles

Set up

Arrange the 7 2-liter bottles in a staggered pattern on stage, six feet from the contestant.

Instructions

When it comes to Thanksgiving dinner, someone makes turkey, someone makes the sides, and someone brings the sodas. Using back spin, toss your hula hoops and try to get three hoops to circle 3 of the 2-liter bottles. Complete this challenge in 60 seconds or less, or the only thing you'll have to wash down the pumpkin pie with is water.

BOWLING FOR GOURDS

Items needed:

A few small pumpkins
Five tall gourds

Set up

Set the gourds on stage, spread out.

Instructions

Bowling has never been so messy. Using your pumpkin bowling balls, you must knock over the five gourds on stage. Complete this challenge in 60 seconds or less or you may miss out on pumpkin pie!

PUMPKIN LONG SNAPPER

Items needed:

Small pumpkins (hand sized)
A basket

Set up

Set the basket 15 feet from the contestant.

Instructions

Nothing says Thanksgiving like football - except pumpkins! In this challenge, you will hike pumpkins between your legs like a long snapper in football. Land four pumpkins in the basket in 60 seconds or less and you win the challenge.

STRAW-CRAN-BERRIES

Items needed:

Cranberry jelly
A bowl
A large straw

Set up

Put 1/3rd to 1/2 a can of cranberry jelly in the bowl.

Instructions

You've eaten Jell-O through a straw. Why not take it to the next level? Suck the cranberries through your straw until there's nothing left. You have 60 seconds to complete this challenge; be thank for for them!

PIE FACE

Items needed:

Plate

Slice of pumpkin pie

Whipped topping

Instructions

If you act fast, the last piece of pumpkin pie can be yours. With your hands behind your back, devour the final piece - crust, filling, whipped cream, and all. You have 60 seconds to complete this challenge and earn bragging rights over your family - at least until next year.

MEASURE YOUR SPICES

Items needed:

4 stools, same height

A yard stick

A pair of empty salt and pepper shakers

Set up

Set two stools side by side, wide enough for a kid to pass through but still support the yardstick between them. Place the salt and pepper shakers on either end of the yard stick. Place the other pair of stools 10 feet from the first in line with the first pair.

Instructions

In this challenge your task is to pass the salt and pepper shakers from one station to the next. Lift the yardstick carefully and carry it from one station to the next. Be sure to keep it level so you do not spill the salt or pepper. Complete this challenge in 60 seconds or less, and hurry. The potatoes really need salt.

A LITTLE MORE ICE

Items needed

Ping pong balls

Three cups

Table

Instructions

Some of your guests need a little more ice at Thanksgiving dinner. Supply the ice by bouncing ping pong balls into the three cups on the table. You must get one ping pong ball into each cup in 60 seconds or less, or the iced tea will become room temperature tea.
