Verse 1

When I'm in the roughest water
I won't go under I won't drown
And when I'm in over my head
I know that You won't let me down

Misc 1

(Pre-Chorus)

And when I'm broken and down to nothing

Chorus 1

I know that You are always up to something good
I know that You are always up to something good
You'll make a way whatever it takes
There's nothing Your love won't endure
I know that You are always up to something good

Verse 2

Even through the deepest valley
You go before me You are here
For I know You'll never leave me
Your love surrounds me I won't fear
And when I'm broken and down to nothing

Misc 2

(Bridge)

Through the darkest night You are on my side
You are always faithful
Through my fear and doubt You will lead me out
(I know) You are always able

(REPEAT)

You're faithful

Misc 3

(Ending)

You'll make a way whatever it takes
There's nothing Your love won't endure
I know that You are always up to something good
