June, 2019

Dear, *Pastor Aaron & Church Family;*

As we read the paper, check the news on our phone, or look on Facebook, the question may come to your mind as it has mine, "What in the world is going on? Has God stepped back and allowed His world to go wherever?" We hear of floods, tornados, random and planned shootings, people in an uproar about who they are (male or female), and those asking who is valued and who is not.

All is not lost! The Bible reminds us that God knows, He understands, He cares and nothing catches Him off guard. Everything is within His plan and purpose.

God's ultimate purpose and design will succeed. Men and women may laugh at Him and picture Him as a fool, but HE IS NOT. He is the Mighty God, the Great Creator. To each one who knows Him as Saviour, He is their loving Father (in the original language father this means daddy). He desires for each one to know Him as Saviour and for those who do He has promised in Romans 8:28, all things work together for good.

Each trial, each test is designed to perfect us, to bring each on of His children into the image of Himself. It develops and hones strength, talents, and abilities that He has placed within us. He will complete the work He has begin in us.

As we have been working with the children in Anamosa, God has been using them to help us realize that many are in desperate straits. Some we have found only have adequate food during the school day. Others are essentially locked up at night because those caring for them are controlling and in some cases unable to think properly due to drugs and alcohol. Children are starving physically and emotionally and most of all spiritually because no man has cared for their souls. We pray that God will continue to open our eyes to those children and help meet their many needs especially their spiritual need.

Children know when they are loved, and we are thankful for the opportunity you support to work with them and show them we care deeply. Your help in prayer first and then financially is an encouragement to keep going when we are tired, and things are challenging. You are helping to meet a great need. As we begin VBS June 7 at Hawthorne Hills Housing complex, please be in constant prayer. We expect to see God work in an amazing way to reach many.
