

Good morning

Ok, Hurricane Florence will affect our area.

As of now, we are to get 4" to 16" of rain, starting Saturday and ending Sunday or Monday.

This will cause massive flash floods. We are not near a creek.

The winds maybe 35 to 45 miles a hour. We have tied everything down and will remove our bird feeder for a day or two.

Trees will fall because of the water and wind which in some areas could cause no electricity.

Our power lines are in the ground and we have no large trees near our home..

Of course, this can all change when she lands.

Charlotte area is consider safe.

They have closed the school to make them into shelters for the coastal folks.

The stores water, bread, milk, flash lights, TP and generators are all gone. But have been refilled every day.

We are prepared, and trusting God for what may come.

Isaiah, Emily, Olivia and us will all hunker down together.

Please pray for us and the opportunities we will have after the storm.

Thank you for your service to our Lord.

Keep on for Jesus
