man pleaser

"we ought to obey God rather than men" acts. 5:29

Saul's whole life is a testimony of a man pleaser. He was so concerned that he looks good in front of the people that he raised a monument to himself and his victory over Agag. And yet he failed miserably in that first battle. He obeyed the voice of the people who wanted to spare the livestock and the king, instead of obeying the voice of God who told him to destroy them all.

He lived 32 more years and was a tormented defeated person because he was rejected by God. Obedience is all that counts, check your life in this new year and see if you and God are lined up in unity!

God bless the church,

Pastor Chambers
