innocent people don't go to hell..... deceived people do!

Few people that are going to hell think that they are going there! We justify ourselves with the idea that I'm not bad, the Hitlers of the world are in hell.

Self-righteousness is no righteousness in God's eyes if we could save ourselves God would have never sent His Son!

Most people plan more for a vacation than they do for eternity! All have sinned and come short of the glory of God not just the bad ones, were all bad!

As we pray for the lost, one of the jobs of the Holy Spirit is to tear off the false roof that people have over their head as to what they believe about eternity. When they come to the realization that they are sinners, God is well on the way to bringing them in.

Pray this way over your family and see the difference.
