The Gospel Will Make You Say I'm Sorry!

Instead, be kind to each other, tenderhearted, forgiving one another, just as God through Christ has forgiven you. Eph. 4:32

One of the most cathartic things we can do is say "I'm sorry" and mean it. It restores a right spirit within you, because God forgives you when you forgive others!

It's not for them but for you. Whether they respond in kind or not, your soul becomes free. Much mental and physical damage is done in people who hold on to anger and bitterness.

On the cross, Jesus didn't purchase our souls till he cried "Father forgive them". When you forgive those who hurt you, you release their soul to be forgiven as well. So God does a mighty work on both sides when forgiveness is present!

May God help you to always practice this.
