## *Twisted*

"For what God has said applies to everyone not one person whose life is twisted by sin will recover" Eze. 7:13

Notice what the text says "twisted" is the description of sin also the word "iniquity" in the Bible is defined "twisted".

We need to see this truth, the devil makes a game out of sin and the flesh agrees with him, but the consequences are so tragic that God had to send his own son to reverse our iniquities, to save us from ourselves. We are all captured by sin without the blood of Jesus to break its power!

See sin, see its results, the brokenness of humanity, the depravity, the pain is the natural fruit of a twisted life. We twist marriage into a union between man with man and woman with woman. We twist gender of children even doing surgeries to try to change it. Fornication sex outside of marriage is twisting perverting its purpose. It is blessed only in marriage, but millions twist the purpose. On and on we could go, Satan is a master at twisting. Let us stay far away!

God bless the church
