

### Accomplishments and Challenges

Reflecting on the last eight years has been a source of struggle and celebration for me. As many of you remember, once we made significant progress financially our attention turned to our facility and much needed maintenance and updating that had been deferred for a significant amount of time. We put together a team from across our membership to begin a capital campaign to address substantial needs regarding equipment and maintenance. This group of dedicated members polled the congregation and began a three-year capital campaign to update our HVAC system, repair the tuck-pointing on the north side of the building, much needed updates to lighting in various portions of the building, new audio-visual updating in the sanctuary, as well as new seating, and redoing the parking lot. This was a rather momentous effort considering where we were financially just a few years previous. We met the challenge and raised nearly \$800,000 over those three years. In addition to this effort, over the last eight years we have redone the fellowship hall floor, put in new carpet, painted, purchased new furniture for the parlor, enhanced the security and safety of our building with a window and video system at the west sliding door, as well as other updates and improvements.

I reflect on these accomplishments for a couple of reasons. One is that we as a community of faith should feel good about what we have managed over the last eight years. We have moved from a community of faith trying to keep the electricity and water from being turned off, to a community that has not only moved through a significant capital campaign but have begun paying back monies we borrowed from our reserves to get us through those difficult times. It says to me that CHUM has always raised itself to the best of who we are, met the challenges we have faced with commitment and grace, and persevered! CHUM, I believe, always will! It takes all of us.

Challenges will always be there to be met and completed. I announced Sunday that we have another challenge before us. When the HVAC system was updated for the sanctuary during the capital campaign it was unknown the system not only supplied air conditioning to the sanctuary but also for our basement Children's Center. As a result, we discovered that in the process of removing the old and installing the new, the Children's Center was left without cooling and was not included in the bid nor the update. As a result, we have another challenge before us. Having a Children's Center with no air conditioning is unacceptable, needless to say. Not only for our dedicated adult workers who help teach and care for our children, but even more so for the children themselves. We cannot expect to be a welcoming community of faith for young families and children if we do not provide basic necessities of comfort and hospitality for those we serve.

### Air Conditioning for Basement

Here is where we are. At this point the estimate for providing air conditioning in the east wing of the basement for the Children's Center, Choirs, and Brides Room is right at \$50,000. We should have at least \$10,000 from the trustees remaining from our Capital Campaign. Our CHUM Foundation has pledged \$12,000 in matching funds for the project. The Children's Department has raised money via the sale of Mother's Day Cards and Bath Bombs, and others have already contributed funds to the project. As of May 27th, the Trustees and Finance Committees believe we will need to raise \$35,000 to complete the project.

CHUM, I believe in you. This amount can feel overwhelming, but it is not the first time we have faced a challenge and it will not be the last. CHUM has over 200 identified givers in our community of faith. If we break down what we need to raise by 200 givers that comes to \$175.00. If all 200 givers in our congregation gave \$175.00 we would raise the full \$35,000. Now, I understand we may have those in our community who cannot afford to give \$175.00 over and above their pledged budget giving and at the same time I know we have givers who can give much more. It takes all of us to make CHUM the inclusive, committed, and loving community we are. I believe we can do this within a few days.

I will have my check ready to give Sunday, June 3, during worship and I challenge each and every one of us to be prepared between June 3 - 10, 2018 to raise this \$35,000 for our children's faith journey and the future of our church. Let us begin!

Peace and Light for Our Journey and Support and Care for Our Children,

Pastor Kent
