

Wake Up America

Miley Cyrus

Oh can you take of her
Oh maybe you can spare her

Several moments of your consideration
Leading up to the final destination

Oh the earth is calling out,
I wanna learn what it's all about,
But everything I read global warming going green
I don't know what all this means but it seems to be saying

Wake up America we're all in this together
It's our home so let's take care of it
You know that you want to
You know that you got to wake up America
Tomorrow becomes a new day and everything you do
Matters yeah everything you do matters in some way

Stand up I'll try if you will
Wake up it's not a fire drill
All she needs is a little attention
Can you give her just a little attention'

Uh oh it's easy to look away
But it's getting harder day by day

Everything I read global warming going green
I don't know what all this means but it seems to be saying

Wake up America we're all in this together
It's our home so let's take care of it
You know that you want to
You know that you got to wake up America
Tomorrow becomes a new day and everything you do
Matters yeah everything you do matters in some way

I know that you don't want to hear it
Especially coming from someone so young

But in the back seat yeah they want to hear it (they want to hear it)

So come on (turn in up)
Come on (turn it up)
So come oooooooooon (turn it up)

Wake up America we're all in this together
It's our home so let's take care of it
You know that you want to
You know that you got to wake up America
Tomorrow becomes a new day and everything you do
Matters yeah everything you do matters in some way

Why Can't We Live Together

Timmy Thomas

Tell me why? Tell me why? Tell me why?
Umm, why can't we live together?
Tell me why? Tell me why?
Umm, why can't we live together?
Everybody wants to live together
Why can't we live together?

No more wars, no more wars, no more war
Umm, just a little peace in this world
No more wars, no more war
All we want is some peace in this world

Everybody wants to live together
Why can't we live together?

Can't live, can't live
Can't live together
Can't live together

No matter, no matter what color
Umm, you are still my brother
I said, "No matter, no matter what color
Umm, you are still my brother"

Everybody wants to live together
Why can't we live together?

The Future Is A Dance

Words by – Robert Simon

Music by - Robert Simon

Verse 1

Do you still remember
That you once could not see
What you take for granted
As the way things must be
Now that you see them as part of your everyday dance?

If you're realizing
That life's music we hear
Is what we're creating
As we go through each year,
Then you can see that it's our score when they strike up the bands!
So take your partners by their hands
And dosido, crossover, shake your groove thing!
We can swing!

Chorus

The future is a dance!
We have to take a chance
That what we choose to do right now will change our circumstance! (For the better!)
The future is a dance!
We must give up our "can'ts."
So grab a partner (maybe three)! Get ready to advance!
The future... the future is a dance!

Verse 2

When we see our bodies,
Are they all they could be?
When we measure spirit,
Is there great energy?
What can life teach us about being all we can be?

Are we on the verge of
A brand new Renaissance
If we start creating
From our vision at once?
Maybe our dreams can make us closer to wholeness, indeed!
Imagination takes the lead!
So tap your rhythm, waltz today,
Let's join the soul ballet!

Chorus

The future is a dance!
We have to take a chance
That what we choose to do right now will change our circumstance! (For the better!)
The future is a dance!
We must give up our "can'ts."
So grab a partner (maybe three)! Get ready to advance!
The future... the future is a dance!

It's In Every One of Us

David Pomeranz

It's in every one of us
To be wise.
Find your heart.
Open up both your eyes.
We can all know everything
Without ever knowing why.
It's in every one of us
By and by.

It's in every one of us
To be wise.
Find your heart.
Open up both your eyes.
We can all know everything
Without ever knowing why.
It's in every one of us
By and by.

It's in every one of us.
I just remembered.
It's like I've been sleeping forty years.
I'm not awake as I can be,
But my seeing is better.
I can see ...
Through the tears.
I've been realizing that
I bought this ticket
and watching only half of the show.
But there is scenery and lights,
and a cast of thousands,
Who all know (^{echo} who all know)
What I know, (^{echo} what I know)
And it's good
that it's so ..

It's in every one of us
To be wise
Find your heart
Open up both your eyes,
We can all know everything
Without ever knowing why,
It's in every one of us
By and by,
It's in every one of us
By and by..
