# Be Like Jesus, Serve Like Jesus

CULLMAN CHURCH OF CHRIST

## HOW PEOPLE FIND SALVATION

A significant study was done several years ago by a preacher I know named Dan Cooper, to discover how people come to Christ for salvation. Dan traveled around the country for several years before he retired, conducting seminars at churches on the power and importance of “Friendship Evangelism.”

Although the study is a few years old now and the percentages might have changed a bit in each category over the years, I doubt the percentages have changed very much, especially as it relates to “Friends & Relatives.”

Walk-Ins (show up at a church looking for God).....	2-3%
Church Programs.....	2-3%
Preacher.....	5-6%
Special Need Met by the Church.....	1-2%
Visitation Program.....	2-2%
Sunday School.....	4-5%
Gospel Meetings, Revivals, Campaigns, Workshops, Special Events.....	1-2%
Friends & Relatives.....	75-90%

While all the above categories and percentages contribute to the overall process of friendship evangelism, if these numbers remain even close to being accurate, then it's obvious where most of our evangelistic energy should be expended, and where most of our evangelistic success will come from.
