Letter from Jaya Paul

We greet you each one for the great prayers and for the great contribution from the Cullman Church of Christ for the Lord's work here in India.

Our Song of Joy School elementary school students' science fair of the 2025-2026 academic year as a way to develop their scientific skills and knowledge. These fairs often involve individual or group projects where our School students research, experiment, and present their findings. As you know, Science fairs inspire students to think creatively and develop innovative solutions to real-world problems. Science fairs provide a hands-on approach to learning, encouraging students to ask questions, investigate, and form conclusions based on evidence. Students present their findings effectively to the Director of the Song of Joy School P.S. Reddy Jaya Paul and Brother Praveen Palanati, and other participants.

Yours Sincerely,
P.S. Reddy Jaya Paul, Minister
Ryali Church of Christ,
India
