

AWANA AT THE ROCK

Winter Weather Information

It's time for wet, cold and wintry weather, and with that we want to be sure you know and understand our inclement weather procedures.

We follow what the South Kitsap School District is doing. If school in the South Kitsap School District is cancelled because of inclement weather, AWANA is cancelled. If the School District cancels evening activities, or students are dismissed early due to bad weather, AWANA is cancelled.

When the forecast calls for dropping temperatures, expected snowfall, or high winds, monitor your e-mail, radio or TV. You can check school closure information at <http://www.flashalert.net/> or at any of the main television or radio station websites. We will try to keep the AWANA FB page ([AWANA at the Rock](#)) & Christ the Rock website (www.crc.com) updated, and of course you can call 360•674•7000 for any updated information.

Please use the main entrance coming and leaving Club. We require Clubbers in 6th grade and below to be accompanied by a parent or guardian when they leave each night. They are permitted to leave with an older sibling. We apologize for any inconvenience this causes, but we want to keep Clubbers safe in the parking lot.

Please be sure your child is healthy when you come. Some of the best advice for avoiding the flu this season is for those already sick to stay home. We make hand sanitizer available on Club nights, and encourage Clubbers to wash their hands. If your child misses Club due to illness, contact their Leader to arrange for making up the work missed.

We are building an email list for those of you who would like to be notified by email. If that's you, please send a blank email with the word WEATHER as the subject to matthew.kerri@outlook.com You will get a return message that repeats this information to confirm your registration.

If you have any questions please let us know.
