

My name is Jessica Pille. I am delighted to be the lead teacher in the 3-year-old classroom. This is my fourth year at Messiah. I started my first year as the assistant teacher in the two-year class.

I have earned my Florida Child Care Professional Credential (FCCPC) and attended several additional courses to obtain my Staff Credential. Teaching has always been my passion and I enjoy being in the classroom.

I am so thankful to have been given this opportunity to help children grow. There is no greater joy than watching students enter your classroom and seeing them flourish throughout the year. I love to watch their personalities blossom as they learn to make friends and thrive.

I look forward to teaching many years at Messiah Lutheran Preschool and sharing the love of Jesus with the children.
