

Hello, I am Tracy Hooker and have taught at Messiah Lutheran Preschool in the VPK classroom for 3 years and was the 3 year old teacher for 2 years. I graduated from Cornell College in Iowa with a degree in Elementary Education. I received my Kindergarten endorsement through the University of Minnesota.

I love teaching at Messiah where I can help children grow academically and in their faith. One of my favorite activities with the children is taking them out to their classroom butterfly garden, where they can witness the miraculous life cycle of the Monarch butterfly.
