DINOSAUR DAY

Do Dinosaurs Disprove Scripture?

Session I: **Dinosaurs: Science and Scripture**

Are dinosaurs in the Bible? Is there evidence that humans lived with dinosaurs in the relatively recent past?

Session II: **Dating the Dinosaurs**

Does the evidence really indicate that the dinosaurs went extinct 65 million years ago?

Session III: **Dinosaurs: Where Did They Go?**

What caused the death of the dinosaurs? A meteorite? Or something else? What has Dr. Miller's personal fieldwork in dinosaur fossil excavation and studying the Cretaceous period revealed?

Dr. Jeff Miller is an active Creation field scientist with an earned B.S. degree in Physical Science from Freed-Hardeman University, as well as B.S. and M.S. degrees in Mechanical Engineering from the University of Texas at Arlington (UTA) with emphases in Thermodynamics and Bio-thermal Science, Bio-transport Phenomena, and Biomechanics. He also holds an earned Ph.D. in Biomechanical Engineering from Auburn University, with an emphasis in Navigation and Control of Biological Systems.

He has presented research in technical science conferences across the country, has published research internationally in peer-reviewed technical science journals, and is an active and recognized member of the scientific community, being a member of the American Society of Mechanical Engineers, the National Society of Professional Engineers, the American Association for the Advancement of Science, the Creation Science Fellowship, and the Creation Research and Creation Biology Societies. While at Auburn University, he also served as a course instructor, teaching courses in Thermodynamics, Fluid Mechanics, and Heat Transfer, as well as Statics and Dynamics. Dr. Miller has participated in several Creation geologic expeditions with leading Creation geologists in Wyoming, studying seismites in the Lance Formation and dinosaur fossil beds, and in several states studying rapid cave formation during the biblical Flood. He is an adjunct instructor at Freed-Hardeman University and annually instructs Flood courses and leads Flood related tours in Arizona and Kentucky. He serves at Apologetics Press as the Director of the Creation Research Program, the Associate Editor of the Christian evidences journal, Reason & Revelation, and the editor of the Bible Class Curriculum.
