

Praises & Prayer Requests

If you have a request, please contact the office personally or write out your request on a prayer card and place in the offering plate.

Prayer/Praise:

- Praise God for the power contained in His Word. His written revelation contains God's direction for our lives.
- Pray for those in our church body who struggle with consistent and effective time in God's word. And pray for the new "reading initiative" we'll be unveiling next Sunday. (You don't want to miss it!)
- Pray for Kaylee and Derek Benz and their new baby. Our outgoing youth pastor is scheduled for a "C-section" this coming Friday.
- Several families in our church are dealing with complicated, painful, and potentially "end-of-life" issues with their elderly parents. Pray for God's peace.
- Praise God for our pastoral team, especially those with new assignments. Pray for Nathan and our students as they hopefully form a bond of trust. Pray for Krishna as she advances the potential of small groups at BisBap.
- Our Deacon (Elder) team is in a search process for at least one additional leader to be a part of our board. Pray for discernment.

Pastoral Care Ministry:

Please contact the church office to have a pastor come and pray with you on an upcoming medical procedure or for a visit of encouragement.

We're concluding our "This is Us" series this morning by returning to the fundamental and bedrock principle that is essential for our church to believe: the fact that God calls us all to BE TRANSFORMED.

All New Testament writers advocate for transformation. Peter, for example, wrote about how sincere Christ followers are "filled with inexpressible joy." That's not the normal condition for people in our world. The apostle Peter also wrote about people who follow Jesus and end up with "sincere love for one another" and who rid themselves of "malice, deceit, hypocrisy, envy and slander." Trouble is, a lot of believers don't see those traits in themselves.

So the question is, how does transformation happen? As you'll hopefully discover, the answer is not just about trying harder and working more diligently. There is a better way. Let's see if we can find it.
