

Serving Areas

Once you read about that serve areas and want to serve or have any questions email rachel@onelifecc.org.

Sunday Serving Areas

Children's Ministry

Kidlife - Kidlife is Kindergarten- 5th Grade broken into three separate small groups. Our gathering starts with large group games, worship and a bible story and then students break into their small groups for purposeful activities and discussion. Serving in Kidlife as a small group leader or large group leader has the opportunity for a big impact as build relationships with our kids, teach them biblical truths and engage them in fun activities. The large group leader is responsible for leading the games, picking the worship songs and teaching the bible lesson- all activities and lessons are prepared in advance for them to follow. Small group leaders take their tables through a prepared curriculum full of games, crafts and discussions to further the lesson taught in large group.

Littlelife - There are three places to serve in Littlelife: Nursery (babies), Movers (1-3 year olds) and Pre-K (4-5 year olds). In the Nursery volunteers provide a safe, loving environment and tend to the needs of our youngest attendees. Volunteers in the Movers room provide a safe, loving and fun environment for our 1-3 year olds by playing with them and tending to their needs. Volunteers in the Pre-K room follow a curriculum and lead the class through prepared activities, games and conversations.

Serve Team

Greeters - Being a part of the Greeters team allows you to be the first impression of Onelife for new visitors as well as those who have attended a Gathering before.

Connect Kiosk - Serving at the Connect Kiosk you are responsible for helping direct members & visitors to the correct area/people who can assist them. Knowing info on upcoming events and trainings are also helpful to those who stop by.

Coffee Bar - This team is a little behind the scenes. You will be able to make coffee and stock all three coffee stations with the appropriate items.

Children's Check in - This team has members who have some administration skills as well as being comfortable with working an iPad. You will be the first impression of our family ministry for new parents. You will need to assist new visitors set up their profile to check in their children as well as direct them to their appropriate rooms.

Prayer - Our Prayer team is full of members who are comfortable praying for those who ask as well as intercessors for the room during corporate worship.

Offering - This team is filled with people who are wanting to help pass offering buckets at the end of the Gathering. As well as manage putting the offering and connect cards in the appropriate places.

Parking - The parking team is more of a behind the scenes team that helps set up and tear down parking cones and flags.

Security - The Security team is a team of people dedicated to the safety of the Children, Members and Staff of Onelife.

Operations

Set-Up - There are different areas that need setting up for the Gatherings: Check-in, parking cones & signs, coffee stations, turning on lights, double checking restrooms.

Clean-Up - After the Gathering there are trash throughout the building that need emptied as well as putting up the items from the set-up list.

Worship Service

Production - The production team is responsible for running all technical aspects of Sunday and Wednesday services. Team members serve as a Computer Tech by running slides for songs and teaching as well as setting lighting cues, or as an Audio Tech by running the sound board for services.

Worship Team - Through voice or instrument, the Worship Team uses their musical gifts to create an inviting atmosphere for corporate worship, leading people to a meaningful worship each week.

Communicators - This is a team of members who are capable of communicating from the stage in the following areas: Welcome, Giving Talk, Announcements.

Photography/Videography - Photography and video of special events such as: Baptism, Baby Dedication, Appreciation is important for those to share the memories with their friends and family. As well as taking photos of interactions to share for marketing and social media.
