

Touching People, Changing Lives

New Life Body of Christ Christian Church has touched people all over the island and around the world who have experienced transformation through our ministry. As we embark on a new beginning and a fresh start in the year of our Lord 2018, with great appreciation I would like to thank you for your generous support this past year.

Because of your giving, we were able to continue in our efforts in “Touching People and Changing Lives” not only on the island of Oahu but globally as well. We purchased over 70,000 pounds of food through our partnership with Hawaii Food Bank and were able to feed 13,000 persons. We also served over 400 persons in our Clothing and Household Goods Closet. We provided a total of 42 Thanksgiving and Christmas baskets with turkeys and all the trimmings and 10 large gift bags with personal items during Thanksgiving and Christmas. We gave away 140 gifts to the children during our Christmas Reach Out & Touch the Community Program. In addition, we were able to give away over 6,500 items ranging from clothing for men, women and children, furniture times, stoves, televisions, toys and shoes through our Clothing Closet. In our partnership with Ka’ala Elementary in Wahiawa, we donated 12 book bags with supplies for the school to distribute to those in need and supported their yearly Health Fun Fair with Aloha Care and gave out 100 bags of non-perishable food items to the community.

On the borders of this page are a handful of those families who have been on the receiving end of your faithful partnership through giving to our ministry. We sincerely appreciate your generosity in giving.

You, our faithful members and friends, are strategically important to the overall success of New Life. What we are accomplishing together makes a positive difference in the state of Hawaii, the mainland as well as abroad. We hope that you realize the enormous impact you have in reaching out in love everyday to hurting people. Again, thank you for all your financial support in 2017! May God’s blessings continue to be yours as you seek Him first!

For His Service,

Michael A. Henderson
