

TEAM BUILDING CHALLENGES MODULE

FOR TEACHERS

SNAP SHOT

Team Building Challenges are an excellent way for students to learn basic communication, problem solving, and collaboration skills while also having fun and developing deeper relationships with their peers. Our Team Building Games module focuses on developing these leadership traits in a fun and safe environment.

BIG IDEA

Leadership requires listening to, respecting, including, communicating and collaborating with others.

CORE COMPETENCIES

- Communication
- Creative and Critical Thinking
- Personal and Social Awareness and Responsibility

LEARNING TARGETS

1. Students will demonstrate leadership skills such as communication, collaboration, thinking, inclusivity, and personal responsibility.
2. Students will use appropriate communication pathways to solve problems, offer ideas, and reflect on learning.
3. Students will value and listen to the ideas of others.

GUIDING QUESTIONS

1. What are effective leadership skills I can offer?
2. How can I effectively communicate an idea I have to a group?
3. How can I value and listen well to others' ideas?
