

IDAHO SERVANT ADVENTURES!

Changing lives through simple, significant service

Join the adventure in North Idaho this summer!

Idaho Servant Adventures is a week-long, high-energy, action-packed service-leadership camp that brings hundreds of students from youth groups across America together to repair and transform homes, lives, and communities. They have volunteered tens of thousands of hours of service to the under-served people, organizations, communities, and needs of the region as the hands, feet and voice of Jesus – and have seen their own faith and lives strengthened and transformed as well.

Shoshone Mountain Retreat, located in the beautiful Bitterroot Mountains of North Idaho at the juncture of two rivers, is the primary location for Idaho Servant Adventures' community outreach efforts. **Adventure options include:** zip lining, rock climbing, horseback riding, fishing, whitewater rafting and more!
