MEET THE TEACHER

WELCOME

Welcome to the Monkey Room! My name is Ms Amanda.Here we spend our days singing, reading, moving, and grooving. Our curriculum themes change every week to keep our activites fun and new.

ABOUT ME

Working with chidlren has always been a passion of mine. I have been working in childcare for over 10 years! I have worked with a variety of ages throughout the years from birth to 18 years old. I spend my time outside of work participating in dramatic play or reading with my daughter, going on walks, and findinng new recipes to try.

My favorite thing to do with the kiddos is read! It is my goal to spend time reading a book or two with every child, everdyday. I also strive to get them moving as much as possible. Whether that is dancing to our favorite songs, walking our stuffed animals up and down the hall, or hopping like frogs and driving our school buses!

EDUCATION

I graduated from Winona State University in 2018 with my Bachelors degree in Social Science History Teaching and a minor in Geography.
