Workshop Descriptions

Worship Leader Bootcamp - Pastor Kimberly Bulgin, Worship Pastor

For every worship leader or worship pastor that's serious about equipping themselves for effective, meaningful ministry. Topics include: Managing and retaining volunteers, stage management, planning and executing song sets, planning effective worship experiences, collaborating with your senior pastor and much more.

4:00 Workshop Session

Improving Visual Media For Your Church - Takesha Burden, Visual Media

Take your creativity to another level as you learn about how to implement and utilize visual media effectively in your local church.

Worship & Your Voice: Techniques for Vocal Mastery - Michele Levy, Musician and Vocal Pedagogy Specialist

Learn how to correctly use and improve your voice as a worship leader! We will cover vocal basics like breathing, posture, vowel placement, projection and stage presence. There will be time for specific voice questions and master class opportunities.

Improving Your Sound Engineering Skills Part 1 - Howard Dillard, Sound Engineering Specialist

Learn how sound engineers should operate in excellence in church settings. Howard will give specific tips and methods for effective sound management in your local church.

The Essentials For Every Church Musician Part 1 - Willie McMillon, Musician and Grace Music Director

If you play any instrument at church, come and sharpen your skills and effectiveness as a musician. Bring your instrument if you can to learn and grow together!

The First Attraction: How To Have Amazing Ushers & Greeters - Crystal Long, Grace Usher/Greeter Leader

Ushers and greeters are responsible for the first impressions of your church. Learn how to maximize your ushers and greeters in this important area of ministry.

5:00 Workshop Session

Essentials For Every Praise Team Member - Robert Hawkins, Guest Clinician

You will be challenged and inspired to be a better worshiper with essential tips and skills given by our guest clinician, Robert Hawkins

Improving Social Media For Your Church - Takesha Burden

Every church needs a social media presence if we are to reach this generation. Come learn how you can have a relevant, effective social media ministry at your church.

Improving Your Sound Engineering Skills Part 2 - Howard Dillard

This session will give more advanced techniques for managing sound in church settings

The Essentials For Every Church Musician Part 2 - Willie McMillon

This session will cover more practical tips for effective musicianship. Topics include learning to play in every key, the number system, circle of 5ths, practice techniques and much more.
