

Student Policy Agreement

As a student at Monterey Bay Christian School, I declare that I have read, understand, and agree with the school's policies as outlined in the school's Family Handbook online and/or in print. I am committed to abiding by the boundaries and expectations set forth in that document. Further, I explicitly declare my intentions to align my behavior with the Acceptable Use Policies for computer usage on campus. The following statements act as a summary of a few key areas of focus, but do not represent every specific item in the handbook. My initials and name here signifies that I have discussed these items specifically with the staff and have satisfactorily answered all questions I may have had about their implementation.

1. _____ I will dedicate myself to the pursuit of loving God and others, working hard at whatever He sets before me, and learning more and more each day together with teachers and fellow students.
2. _____ I will consider the safety and security concerns of my actions at all times, as well as the Christian witness and testimony of my actions both on and off campus to the community.
3. _____ I will show myself to be respectful and responsible in all matters, ensuring that I know and follow all that is expected of me, including classroom rules, playground rules, and curriculum rules.
4. _____ I will come to school each day in the proper dress code attire. I will make sure that any item or issue that is unclear to me is clarified with the office before coming in any particular attire.
5. _____ I will remain completely honest in all of my work, always submitting my personal answers for evaluation and growth, and never attempting to shortcut the learning process by cheating.
6. _____ I will work together in our school community to heal and grow when there is conflict by bringing it to light and offering a humble attitude of repentance and forgiveness as appropriate.
7. _____ I will abide strictly to all technology policies, never using any device, including my own on campus, for anything other than according to the step-by-step guidance of my teacher(s).

By God's grace, I am dedicating myself to this agreement, understanding that infractions in these areas represent not only violation of rules, but a trespass of my personal covenant and dedication to continuing enrollment at MBCS. I intend to show myself to be of strong character in fulfilling these declarations.
