About our Program

MBCS provides an atmosphere that is well-grounded in biblical values, and that is focused on each child as a unique individual. We are dedicated to maintaining a safe, clean, loving place for little ones to grow in all ways- spiritually, socially, emotionally, and academically. To these ends, children will be cared for and closely supervised while learning in both structured and unstructured activities, experiencing a balance of active and quiet times, and engaging in both core curricular content as well as general play time.

Our preschool program is intentionally shaped to support smooth and logical progression into the MBCS TK-8 campus programs bearing the same philosophical pillars for Christian discipleship.
