The Children's Pageant and the Sanctuary Tree

This year, the Children's Pageant and the set are bigger than in the past, including a large screen that spans across where the tree normally stands. So, for this year, we will celebrate with the pew candles, the door wreaths, the beautiful Advent and Christmas banners and the two trees in the narthex and fellowship hall. Thank you for understanding, and a big "Thank You" to **the Kuryla family** for the many years of providing our sanctuary tree as part of their family's traditions.
