SCHOOL'S STARTING!(!??)

It's hard to believe, but the first day of school is less than a month away. The teachers and staff at school 33 have already begun preparing for the kids to arrive! RCRC continues to be an important part of starting the school year off on a happy note—Nancy noticed in a recent visit that they had moved the poster many of our members signed several years ago to a prominent place close the the front door.

We would like to resurrect two things we did pre-pandemic that were so successful and remembered by the staff:

1. "Welcome back" chalk drawings and encouraging messages for the kids on the area in front of the school. This would be done September 6, the day before school starts, from 10 to 11 AM. Everyone is welcome to participate—adults, teens, kids. We will have chalk, but if you have more bring it!
2. "Greeters" when the children arrive for the first day of school. This gives the children and parents a friendly face during what is sometimes a nerve-wracking time. We would need greeters to serve at school Sept. 7, 7:-15-8:15 AM.

NURSERY VOLUNTEERS

Believe it or not, we're already planning for fall! We'd like to offer nursery during Sunday School. If you are willing to serve as a Sunday School nursery volunteer on a regular rotation (maybe a month at a time?) please contact Katie Singleton or the church office. We'd also love a couple of additional volunteers during worship time!
