

October 2021

To all our partners in the ministry,

Greetings in the precious name of our Lord and Savior Jesus Christ!

It has been a fruitful months despite the pandemic. We are truly thankful for all the supports and prayers you sacrificially gives to us and to the ministry. May God bring back all the blessings to you!

From the past months it has been hard for all of us because the pandemic is still around us, and we cannot go to places with out all the requirements and taking the risk of having the covid. Last month, Pastor Ronnie have had all the symptoms of covid but because we knew that if we will take him to the hospital it is very hard for him because no one is allowed to go with him and all the expenses, so we just decided for him to stay at home, isolate himself, drink medicines and to take some rest. Thank be to God that He granted our prayers for his healing and now he is fully recovered. And now he is back doing the ministry , for we know that God will protect us and guide us in everything we do for Him. To God be the glory!

This coming November we are going to celebrate our 11th year of God's faithfulness to the ministry as well as our Thanksgiving. Please include in your prayers that there were souls to be saved, for the preachers wisdom in sharing God's Word and for the provision of needs.

Junior's Discipleship Class is really a big help to all the Juniors and Young People of the church. They are now being used in the service of God. Every Wednesday and Saturday after the feeding ministry they go out to give tracts, visitation and Bible Studies. Please do pray for these young people that they will continue to be use by God, for they will be the next generations of leaders.

Continue to pray for all the feeding outreaches and Bible teaching to the children of all the feeding centers. We now have a newly added center, please pray that these children will grow up knowing Jesus in their hearts. Thank you all for the prayers and support. You truly are a blessing!

Church Services continues to grow despite the pandemic and all the protocols from the government. We are so blessed we are located on top of the mountain, they do not stop us from all the church services. Continue to pray for the safety of all, good health and faithfulness.

Prayer Request:

- *Querubin Kids salvation & good health
- *Young People & Juniors wisdom & good health
- *Church Vehicle
- *More Souls to get saved

Respectfully yours,

Ronnie P. Querubin /
Marie Chris Querubin
