

# Sketch Book Homework 1

5<sup>th</sup> Grade

Name \_\_\_\_\_

Due \_\_\_\_\_

Before beginning this assignment, put your name on the front of your Sketch Book in bold letters.

Have you ever looked at an artwork and wondered how the artist decided to begin making it? All art, whether two-dimensional like a painting or three-dimensional like a sculpture, contains one or more of the **seven elements of art**. These elements are:

- Line
- Color
- Shape
- Form
- Value
- Space
- Texture

They are the basic building blocks of making art.

## Line

A **line** is an element of art. It is a mark made upon a surface. In order to be a line, the mark's length must be longer than its width. There are many different types of lines, including horizontal, vertical, wavy, diagonal, and more.

It is an element of art defined by a point moving in space. Line may be two- or three-dimensional, implied, or abstract.

## Examples of Vivid Lines in Art

by a point descriptive,

Your assignment is...

1. Title your page as **LINE** in a creative way.
2. Define, in your own words a definition of Line as it is used in the Elements of Art under the title.
3. Under the definition, create your own drawing that represents this element.

You may use any media you would like, such as, markers, crayons, glue, glitter, fabric or any other household materials you may have lying around.

NOTE: Get permission from your parents to use materials other than your own markers, crayons, etc.

# Sketch Book Homework 2

6<sup>th</sup> Grade

Name \_\_\_\_\_

Due \_\_\_\_\_

## The Seven Elements of Art.

- Line
- Color
- Shape
- Form
- Value
- Space
- Texture

They are the basic building blocks of making art.

---

## Shape

While drawing lines you might decide you want to enclose some of those lines. The enclosed lines are then transformed into another element of art called shape. **Shapes** are areas of enclosed space that are two-dimensional. Shapes are flat, and can only have height and width. The two different categories of shapes are: geometric and organic. **Geometric shapes** are mathematical, like circles and squares. **Organic shapes** come from nature, like clouds and leaves.

## Examples of Geometric and Organic Shape Art

Your assignment is...

1. Title your page as **SHAPE** in a creative way.
2. Define, in your own words a definition of Line as it is used in the Elements of Art under the title.
3. Under the definition, create your own drawing that represents this element.

You may use and media you would like, such as, markers, crayons, glue, glitter, fabric or any other house hold materials you may have laying around.

NOTE: Get permission from your parents to use materials other than your own markers, crayons, etc.
