

WHAT IS A SMALL GROUP?

Small groups are groups of students, separated by age and gender that meet both on and off our church campuses in homes and in the community. These groups take the next step in doing life together by committing to a single group, consistently praying for one another and learning more about what it means to be a part of the Church. These students make a commitment to attend worship, consistently meet with their small group, and to live out their faith through service in our church and our community.

High School small groups meet throughout the week at various times.
Middle School Small groups meet on Wednesdays at 6pm.
