Testimony:

We have been in the wood flooring business for almost 40 years. Advertising in our local area is very important to us. When the offer to advertise with Bonkerz came up, we jumped on it, since this is a place where people of all ages and walks of life spend time. The process and set up of our account and ad was quick and painless. They were so helpful and made suggestions to give us the most for our advertising dollars. We quickly had our first bid request as a result of Bonkerz advertising screen, not to mention many positive comments and exposure. The job was completed and more than paid for the cost of advertising. We plan to keep this place of advertising for some time.

****** Five star rating and highly recommended*
