GOD MEETS US IN EVERY SEASON

Truth to remember: Different _____... but the same faithful God.

YOU ARE NOT ALONE OR UNSEEN

Quick reminder: if you're in a stretching season, you are not alone.

Nothing you are carrying is unseen.

What feels like pressure is actually God creating capacity for _____ in you.

WHAT IS ADDED

Two glasses start the same way: same material, same heat, same pressure.

But as things are added, one becomes crystal — something more _____ in the hands of the maker.

“Did what was added make me less, or did it make me more responsive?”

WHAT GOD DOES IN STRETCHING SEASONS

The way you meet the added pressures in your life determines what you get out of them. Stretching seasons can actually:

- Make you more aware
- Deepen your trust
- Grow your dependence on God

God doesn't waste stretching seasons — He uses them to shape you.

A NEW SONG

Psalm 40:3

He put a new song in my mouth,
a hymn of praise to our God.

In the stretching and pressing, God can form a new _____ in you.

THE RESULT

“Many will see what He has done and be amazed.

They will put their trust in the Lord.”

Psalm 40:3b

REMEMBER

God is forming something in you through every season.

If you'll cooperate with Him, God will _____ you through it.

And God is still writing your song.
