No Cell Phones and Electronic Devices Policy:

We know that in today's culture many of our campers and parents stay in daily communication via cell phones. We also understand the trust that you are placing in us by allowing your camper to come to camp without his/her cell phone. We believe that there is a very real value in your camper spending a week unplugged and disconnected

from his/her digital life. We believe that taking time off from our phones, computers, social media, and video games can open up the space in our minds and hearts to hear and feel God at work. If there are any situations regarding your camper while at camp that you need to be made aware of (medical issues, severe homesickness, etc.) we will contact you.
