Overall, we are both doing very well health wise. Nothing has been done to change my chronic back pain, so that is a continual adjusting balancing act I live with. I just saw my heart doctor and he said everything looks good. Charlene’s Alzheimer’s continues to slowly get worse. She still recognizes her family though she sometimes doesn’t know that we are husband, daughter, etc. She still goes to church with me every Sunday. She likes me to be close (within eye sight) and “worries” when I have to be away.

Iglesia Bautista Bíblica is doing very well. Gabriel and Alicia, the couple I led to the Lord, have had a battle of sickness going through the family, but have been back in the services the last two weeks. We also have a two new families. He attended our youth meetings in our old church in Juarez. His folks moved to the States and recently moved to El Paso. He has married and has 2 children. His Mom and Dad are the second family. Pray we can continue to reach more souls for the Lord.

I will be teaching a modular on the Doctrine of the Church at our Institute in Juarez next month. One of our students dropped out but we have added another student in January, so still have 13 students. Pray for me that I can instill in our students the importance of this doctrine which is so overlooked in our days:

Yours for Souls,

Garland Hamilton
