July 18, 2020

Dear "Amigos en Cristo,"

We trust that you are all weathering the Covid-19 crisis. Although we are observing the house quarantine as much as possible, shopping on line for groceries, I continue to remain very busy. I have been preaching in Spanish on Facebook twice a week. Most all of our members have been on line for the services, plus some of the believers from Venezuela and some Spanish speaking pastors from Mexico and the U.S. I also taught three modular classes using the computer for online classes for our Bible Institute. The Institute provides on line access to professors and students for testing and we use Zoom for live classes. One week was with the freshmen students teaching the Doctrine of the Scriptures and then two weeks were with the Seniors teaching Pneumatology. The later was a completely new class for me so I spent several weeks preparing the class notes and the exams. It appears that we will be graduating 15 students this year. Please pray the Lord will call more laborers for his vineyard. We have 6 students returning next year plus any new ones to Lord will call.

It is nice to be back in our home again. We are really enjoying the updates we had made and it has been so much better to move Charlene around now that we were able to get rid of the carpet. We also had the tub changed to a walk-in shower which make it so much easier for the aide to bath her.

We are thankful to Bro. Konnerup and the Missions office for their assistance in helping with special offerings to help make up the short fall of finances due to Covid-19. And we are thankful for each of our churches that give and sacrifice so we can be your missionaries to Mexico and for Mexico. You are a blessing to us.

Yours for Mexican Souls,

Garland and Charlene Hamilton
