Reaching Our Military on Guam & our Local Island People

March 25, 2019

Praise & Prayer!

Joy was told by an orthopedist here on Guam that she needed knee replacement surgery, so we flew to the Philippines for the surgery. When she got new x-rays there, and the surgeon compared them to the MRI of her knee from 2016, he said that her arthritis had not gotten much worse since then. He said he thought just trimming/smoothing the jagged edges of her medial and lateral meniscus would probably reduce or eliminate her knee pain. So he did that surgery on her, and she is now in recovery and we're expecting her to have a great result! She is already starting her physical therapy. Please pray for her quick recovery. We appreciate your love and prayers for us.

Hello everyone! Sorry this letter is a little late. We had started writing it in February, but Joy had to have knee surgery, (side bar) so we're just now finishing it up. We praise the Lord for all His blessings on our lives and ministry here on our beautiful island of Guam! God has blessed with 14 people saved and 14 baptized since our last letter. We currently have several that we are working with about following the Lord in baptism. God is so good to us!

Typhoon season!

We have had a very active typhoon season this year with three major typhoons. One of them left us without power for over a week. Most typhoons happen Oct-Jan, but we've had two since January. Actually, typhoons can happen anytime in this area, but are more common during typhoon season. We were actually in COR 1 one Sunday and had to cancel services for the first time EVER. No one is allowed out on the roads when COR 1 is in effect. We didn't get any damage at our home or the church property, We praise the Lord for His protection!

One Year Furlough

Joy and I are planning a furlough in 2020. We would love the opportunity to come by your church to preach and report on our ministries. If you have started your 2020 calendar and want us to come to your mission conference, please email and let us know.

Pray that God will continue blessing with more people saved & baptized. Thank you again for your faithful prayers and financial support! God bless you!

In His Service,
Rick & Joy
