

McGhee Ministries
LEARN. GROW. SHARE

Glenn & Sherri McGhee Ecuador, South America

February 2019

2018 was a great year filled with God's blessings!

Through the ministries of our 6 churches, VBS's, youth camp, jungle out-reach programs we saw 535 people come to Christ as their personal Lord and Savior.

2019 will no doubt be better!

The churches are excited about new opportunities to not only share the gospel in their neighborhoods, but to expand the vision for missions.

Youth camp construction

is nearing the completions of the 1st of 3 girls dorms, the water tower is about finished, dining hall is done and by the end of February we will have water and sewer hooked up. As you plan your mission budget for 2019 would you consider giving toward the construction? We are amazed that the 3 buildings will be completed in just 9 months!

Why keep building?

This explains it all: *"Buildings matter because bodies matter."* We are so grateful for the 535 saved last year and know that many more lives will be changed as we continue enlarging our "camp".

United Service - 504 attended

Sight for 2 more girls dorms

Kitchen will be behind the dining hall
