

Jenny Carpenter

Missionary to Ecuador

Dear Prayer Warriors,

May 2019

Summer is here, and there is lots of excitement! Just a few weeks ago, our team hosted a group from Winter Haven. They were able to minister in a nearby Village, help in the construction of camp, and much more! Praise the Lord! That week they saw 13 come to Christ! One of them was the village president.

Over the past few months, the Lord has presented an opportunity to train a small group to go out and reach the children and teachers of village schools nearby. We have been preparing lessons on moral values, such as forgiveness, respect, responsibility, self-control etc. We are just about ready to go. During our time of preparation, Jefferson, 17 years old, has expressed his desire to be in ministry. He is super excited about the school ministry. Pray for him, as he will graduate next year!

This summer we are looking forward to two more groups coming as we reach out to the villages nearby! Please pray for the preparations of youth camp, and all of our summer opportunities to minister to the children and youth! Pray for our school ministry as we schedule schools for the upcoming school year. We are praying as we reach out to the teachers and students, that they will be receptive. This will be an opportunity to invite them to our church in Tena.

Thank you once again for your continued prayers and support. May the Lord bless you!
