Sermon: *"A Worthy Walk"*

A Study in God's Word Based on Philippians 2:1-4

What makes or breaks the ministry of any local church is not the quantity of programs it offers but rather the quality of life that prevails among its people. If that body life is strong and stable and healthy, needs will be met, the church will grow, and God will be glorified. But if the body life is poor, anemic, and sickly, needs will not be met, the church will not grow, and God will be dishonored. Our text of the morning provides insights into what it will take to enrich the quality of body life here at Grace Bible Church. According to this passage, what facets are included in "a worthy walk" for Christ (Ephesians 4:1) that makes a church like ours attractive to both God and man?

I. THE PRESENCE OF UNITY - vv. 1-2

Two basic causes of disunity among born-again believers:

A. PETTINESS

B. BITTERNESS

II. THE PRACTICE OF HUMILITY - v. 3

Exactly what does humility entail?

A. You see yourself as you REALLY are.

B. You see OTHERS as they really are.

C. You see CHRIST as He really is.

III. THE PURSUIT OF MINISTRY - v. 4
