MISSIONARY OF THE WEEK

DR. DAVID STEVENS
& JODY

Christian Medical &
Dental Associations
(CMDA)

The mission of CMDA is to motivate, train, and equip Christian healthcare professionals to glorify God in their homes, practices, communities, and around the world. CMDA works with more than 15,000 students on 320 healthcare-training campuses as well as many thousands of graduate docs across the country. CMDA is the hub of medical missions as it recruits, trains, and sustains medical evangelists to go to the ends of the earth. CMDA is also the voice for Christian healthcare professionals to the media, government, and the public on right of conscience and many other ethical issues like abortion and assisted suicide.

I stepped down as the CMDA's CEO one year ago after 25 years of service. Now, as CEO Emeritus, I can focus more time on direct ministry. This past year I continued doing lots of public-policy speaking through dozens of media interviews and interactions with state and federal governments, and the courts. I've helped train 28 new medical missionaries, spoken on medical school campuses, and been a consultant to medical mission leaders. Having spent 11 years as a medical missionary leading a large hospital in Kenya, my greatest passion there is to increase its impact medically and spiritually.

We would appreciate your prayers for:

- A full recovery for my wife Jody who had a hip replacement due to her rheumatoid arthritis September 1st.
- Wisdom as I help mission hospital leaders improve their leadership management, and evangelism.
- Our children—Jason who serves with a domestic inner-city healthcare ministry; Jessica whose husband is manning a COVID unit in SC after their evacuation from Iraq; and our daughter Stacy and her family who are healthcare missionaries in a Muslim country in North Africa.

Jody and I look forward to seeing you at GBC's Missions Conference in 2021!
