Addiction and Recovery:

Contact Renee Captian renee@fmcberne.com

Addiction recovery is a challenging but meaningful journey that involves healing the mind and body while learning healthier ways to cope with life's difficulties. Recovery is not always a straight path, and setbacks can happen, but each step forward is an opportunity to grow. Support from loved ones, counselors, support groups, and other trusted resources can make the process easier. With patience, commitment, and the right support, people can overcome addiction and build healthier, more fulfilling lives. We have had several outstanding speakers at Brianna's Hope in August that have been encouraging for all of us. We also help encourage each other to stay on road of recovery. It is always such a joy to see our participants each week and learn how they are doing. Thank you for praying for this group.
