

## APRIL & MAY 2018 NEWSLETTER

Dear Parents,

We are so very close to the end of our school year!! It's been an amazing year but it's gone by way too fast. It's been a pleasure to get to know all of you. You are wonderful parents with precious children.

If you are returning we are excited about having you back and wish you a beautiful summer. If your child will be leaving to attend another school we want to thank you for the time you entrusted us in the care of your children. We have grown in many ways right along beside them. It's bittersweet to say goodbye and we wish you many of God's blessings for a joy-filled future! Take good care and remember to stop by for a visit.

In Christ's love,

Rhonda

### DATES to REMEMBER

April 30-Holiday, no preschool & kindergarten

May 23-last day of school

### SUMMER CAMP

Due to very low enrollment in the past two years of our camp, the Preschool Advisory Board decided we would not offer it this year. We hope you will find many programs in our area that are available for young children. The VBS for McGregor, "Camp

Compassion" will be Saturday, July 21<sup>st</sup> from 8:30-2:30 p.m. Please contact Brooklyn Smith at [youth@mcpres.org](mailto:youth@mcpres.org) for details.

### KINDERGARTEN NEWS

We can't believe we are almost at the end of our school year! There is still time for so much fun and learning. We will hit the ground running with our unit on caterpillars and butterflies. Then we will branch out as we learn all about insects and their habits. We will put it all together by celebrating Earth Day and making insects out of recycled materials. All through the month of April we will be practicing for our graduation

ceremony. It will be held May 18 at 11 a.m. in the church sanctuary.

#### MUSIC NEWS

We are SO proud of the singing the children performed with Mr. Philip at Children's Sabbath! There were so many positive comments about the entire service. Thanks very much to those of you who were able to attend. Mr. Philip has made quite an impression his first year here with the boys and girls!

#### SPANISH & SCIENCE

Ms. Alex has had fun teaching the children about the earth. They have done experiments with gravity, recycling, habitats and life cycles. In Spanish the children continue to sing and "read" words in Spanish.

#### 2018/2019 REGISTRATION

We are still in the process of taking registration for next year. We greatly appreciate having you spread the word for us! Our very best advertisement comes from you! Thanks in advance as there are many 4 and 5 year spots available.
