

April 2018

News from the Rainbow Room

Dear Rainbow Room Parents,

I hope you had a wonderful Spring Break making some great family memories! It is hard to believe that Spring is finally here and we are nearing the end of the school year. It is such a bittersweet thought. All the kids have blossomed and grown so much throughout our year together but we are not ready to say goodbye. We will definitely embrace these last 6 weeks of school!

The month of April begins by reading The Tiny Seed by Eric Carle and learning all about *GROWING*. We are going to focus on the life cycle of plants including sprouting our very own grass seeds, exploring various kinds of seeds, practicing math concepts with sorting and counting seeds, and we plan to take a few "nature walks" to seek out signs of spring. This leads us right into learning all about those April showers that bring May flowers! The children will be so excited when our butterfly caterpillars arrive in the Rainbow Room. We will learn about the life cycle of the butterfly and observe and record the amazing transformation from caterpillar to butterfly.

Please do not hesitate to ask us any questions! Looking forward to seeing you at Spring Conferences. Thank you for sharing your children with us!

Many Blessings,

Mrs. Tholkes and Mrs. Ainsworth

Curriculum Goals

Themes: Spring,/Rebirth, Weather, Caterpillars, Butterflies, Space, Little Bo Peep

Color: Purple

Virtue: Gentleness

Bible Verse: "Let your gentleness be evident to all" Philippians 4:5
