## Enrichment News

Dear Colonial Parents,

Spring is a great time of year and the children at Colonial are ready for the warm weather, and so am I! I am excited to direct some of that energy towards our active enrichment curriculum this month.

In M.I.F. we have been rolling along doing all kinds of fun activities. We've done the limbo, dribbling and shooting, summersaults, and balancing. We are working on group games, dances, and ball skills as we march toward the end of the year.

In Art class we created a beautiful Easter scene where the rock rolls away from the tomb. We will be finishing up with self-portraits. We will look at a variety of pictures to see some of the different ways artists have portrayed themselves.

In Music we sang about the events of Holy Week when God rolled the rock away from the tomb and Jesus rose from the dead that Resurrection Day. What a humble and powerful God we serve! Our older classes have selected their end of year program songs and have begun practicing them. They sound great!

Hope you are enjoying your Springtime as much as I am. What a great year it has been in Enrichment Classes! Thank you for sharing your children with me. Your kiddos have blessed me all along the way.

Blessings to You in Christ,

Miss Julie
