

December 2020

## Explorers Room Newsletter!

Hello Explorers Room Parents,

This year is going so fast; I can't believe it's December already. Your children have been enjoying being scientists! We have talked about building structures, chemical reactions and what causes rainbows.

This month we will find out about sound and how it travels and what makes sound change. The children will be making cup phones when we discuss sound waves and vibration. When we talk about different kinds of sounds and how they change, we will make pan flutes. After each experiment, we will record our findings in our journals.

We want to wish you a very Merry Christmas and a blessed New Year. We hope you enjoy the time off with your family.

Important dates: December 18 - January 6 - Christmas break

Blessings,

Mrs. Jankowski and Mrs. VanMeter

UNTO US A CHILD IS BORN, UNTO US A SON IS GIVEN!
