## T/Th Lively Ladybugs May 2018

Dear Ladybug Parents,

I cannot believe it is the end of the school year! It was not long ago at all that we were doing drop off for the first time. I have been truly blessed with having your precious children in my class this year. It has been so fun to get to know each of you parents and see your children's little personalities develop. This is such a transitional age with lots of rewards. They are so intelligent and are constantly learning. Just like the caterpillars we have been watching grow, your children are developing into beautiful butterflies.

This month we will do a continuation of learning about plants and more spring time creatures. We will also be talking about animals and Noah's Ark. We will be doing a review of all we learned from this year. Which means, a rainbow to help us review our colors. We have some fun songs and activities to help out with remembering the colors of the rainbow. We will also be going over our all our shapes. We will review our Fruits of the Spirit too. This month is self-control. They all have learned lots about that this year! And we all are still learning about self-control even as adults.

I hope you have an amazing summer filled with relaxation, family time, and fun, fun, fun! Thank you for all you do and thank you SO much for making this such a wonderful year!

God Bless Each of You!

Ms. Shanon & Ms. Nayara

### Reminders

- May 8: Fun Day! Please apply sunscreen before school.
- May 13: Happy Mother's Day!
- May 17: Last Day of School—Have a great Summer!
- Please be sure to read the online Office News

*We will  
miss you!*
