Director's Message

What a great first month of school we have had! The children have quickly settled into their routine and adjusted to their new classrooms. We have made lots of new friends and it seems everyone is enjoying their days here!

This month our thematic units are Community Helpers/Careers & FALL.

The students will explore the many changes of fall from leaves, trees, acorns, pinecones, and the weather outside! Our classes will dissect a pumpkin and examine all its different components, and we are hoping to have some TPP parents come in to talk about their jobs. (More info coming soon!)

If you haven't done so already, please submit your child's physical and immunization form. All school paperwork is due on 10/2.

On 10/7 a member of the Lion's club will be doing vision screenings on the children. The Lions club uses a Welch Allen spot screener, which is a small camera that screens both eyes at once from a 3ft distance. This free screening has detected a student's need for glasses every year that we have offered it! It's extremely beneficial and we are so lucky to participate!

Picture Day information will be sent home soon! We will be doing individual photos and class photos. Your child's proof will be sent home with instructions on how to order if you wish to do so. Picture Day will be 10/14.

Thank you for your partnership in ensuring your child has had a great first month of school. We look forward to a fantastic year!
