

Child Security Policy

Mom2Mom Kids of Cape Bible Chapel 2026-27

To ensure that all children registered in M2M Kids are appropriately safeguarded, we follow this Child Security Policy:

- **Beginning at 9:15 when the doors to the nursery/children's area are opened, moms with children can proceed to the Family Check-in Center.** Each mom should check herself and her child(ren) in using the last 4 digits of her phone number. Nametags for the mom and child(ren) plus a security tag will be printed. Additional identification tags will be printed for diaper bags, etc. for those children in the Pink through the Blue class.
 - For children in the Pink, Purple, Orange, and Blue classes that meet in the rooms labeled Babies, Ones, Twos, and Threes, nametags should be placed on the back of the child (**volunteers are happy to help with this**).
 - For children in the Green and Yellow classes that meet in rooms M116 and M115, nametags can be worn on the front.
 - For Homeschool classes that meet in rooms M119, M122, and M124, nametags can be worn on the front.
- **When a mom drops off her child,** the class leader at the door (or in the hall for home school classes) will record the security number on the check-in sheet.
- **When a mom picks up her child from any class,** she must show her security tag to the volunteer at the door so she can compare the security number to the check-in sheet or child's tag before the child can be released to the mom.
- **In the unexpected event of a check in system or printer malfunction,** handwritten nametags may be used if printed stickers are not available. At pick up, teachers will then ask each mom for the last 4 digits of her phone number before releasing her child to her.
- **In very unusual circumstances, if someone else needs to pick up a child,** the mom must inform the Kids Team Leader and make arrangements for the person picking up the child to have the security tag to get the child.

Please make every effort to follow these guidelines throughout the year. This policy is for the safety of the children! If you have any questions or concerns, please contact the M2M Coordinator: Haley Bowen 573-271-1929.

Thank you for your cooperation!
