

RIVER OF LIFE CHURCH

Online Giving Instructions

We would like to show you how to set up your account, and how online giving has been made easier than ever. You can access online giving by clicking the icon on the top left hand corner of the River of Life app (the icon looks like three lines), or from the church website (riveroflifeag.org). After clicking on the giving option, here are some quick steps:

1. From your phone, tablet, or computer, type how much you would like to give.
2. Enter your frequency (such as a one-time donation, or once a week)
3. Then Click "Give."

IF YOU HAVEN'T SET UP AN ACCOUNT YET:

4. If you haven't set up an account, it will prompt you to another screen, and ask you to type your first and last name, an email address. Finally, create an 8 character password of your choosing.
5. Once entered, Subsplash will send you a quick email with a 4-digit code that you will enter back on the giving page to finalize your account and for your security.
6. Enter your credit card(s), debit or checking account, and your newly created account will save that information for you so that you do not have to enter it in each time.
7. You are all set! The next time you give, you will just follow step one, two, three above. Giving can be done in 6 seconds, made easy. It will also ask you each time if you have a specific fund that you would like to give to, such as tithe, missions, building fund, etc.
