Your prayers are making a difference!

For a number of years individuals and groups have stayed at Marcel's, enjoying his hospitality and fellowship. Each stay has its own stories and memories for those that have made that journey. Heat and humidity, water – from a bag, bottle or filtered, or did I remember to brush my teeth with “clean” water? Anyone like bugs, really not many to be found here but still, is that really a spider! Food prepared to perfection and, always remember to “clean it up” as Marcel would say. Will that truck really make one more trip? Is that really snoring or the neighbor's generator?! Speaking of generator's, will we have power for a few hours today or will the batteries have enough charge to make it a little longer. What do you mean that generator is not large enough to charge the batteries! Did anyone notice that the power came on last night? Ok, ok, enough, it's always a blessing to spend time with Marcel and truly prayers are being answered. Many have been praying for a generator large enough to carry the load needed at Marcel's and indeed the Lord has heard and answered. This donation has just arrived, all praise be to God!

Marcel spends much of his time making journeys into the mountains of Haiti visiting Fond Baptist, Bataille, Fond MaBlanc, LePinard, LaSession encouraging those in his care there. Delivering supplies is always a challenge and even when a vehicle has been available it's very costly to make the trip. Many journeys require hand carrying supplies to remote locations, for many miles in this mountainous terrain. This

past month another door has opened that will help bring more supplies closer to their destination with this new/used 4wd vehicle. Hand carrying supplies will still be required in some areas, however the Lord continues to open doors.

We all know it's certainly not about all the “stuff” you can accumulate, so these are seen as tools for the ministry. Read on.

A team will be headed south shortly (Oct 30-Nov 5), please pray for them and those that will attend the upcoming Leadership Conference. Here's what Marcel has to share in his own words.

“Hello My Friends,

Yes indeed, we are getting ready for the conference, we are expecting about 250 this year, we will study the Book of The Revelation with Pastor Kent, Pastor Robin and Pastor Sheryl are coming with him. We will have people coming from different regions in the country. Please pray for us as we make plan for the food for everyone and so forth. The conference will last four days this year because of the size of the book.
Thanks! Marcel”

How's this for reaching out with this opportunity to share with 250 leaders! Pray they will be strengthened to take the Word back home and that it will multiply.

Thanks for being a part of what the Lord is doing in this needy land.
